MEMORANDUM FOR: Chief, Air Support Branch, DPD-DD/P
SUBJECT : Replenishment of Class 5 Stock in Support
Air Operations in FY-63

25X1A

1. In order to provide funds for the replenishment of Commo type equipment peculiar to air operations support, it is necessary that DPD budget for it in FY-63. It has been agreed that Air Support/DPD should include [redacted] in their budget estimates to cover this requirement.

2. Attached is a breakdown of the equipment to be procured for stock in the Far East, ZI and Near East. This list is for budgetary purposes only as more detailed descriptions are necessary for procurement action. At the time of requisitioning, determination can be made as to the area in which they should be stocked.

3. This requirement does not include radio sets for E & E kits and they should be budgeted as a separate item.
